Khue,

Yes, it looks like the comments are in various states of clearance by docket staff so I would re-check the docket periodically. In the interim, attached are the comments CLA and Monsanto sent directly to me. At this point, EFSA has only requested time to make a presentation to the panel.

Thanks.

Subject: glyphosate SAP docket comments

Hi Steve,

I just checked the glyphosate SAP docket. There are currently 3 comments from private citizens. I am not seeing the comments from CLA and Monsanto and EFSA that were mentioned during today's meeting. Perhaps they are draft in FDMS right now, in which case we would not be able to view them because we don't have full access to this docket. Can you forward the comments from CLA, Monsanto, EFSA, and other stakeholders? We would be interested in reviewing them as part of SAP preparation.

Thanks,

Khue Nguyen
